OBJECTIVE

MERN Stack Developer with expertise in building dynamic, responsive, and scalable web applications. Proficient in developing user-friendly interfaces with clean, optimised code and a strong focus on performance and usability. Skilled in end-to-end project execution and passionate about continuous learning in modern web technologies.

TECHNICAL SKILLS

Front-end	HTML5, CSS3, JavaScript (ES6+), React.js, Redux, Bootstrap, TailwindCSS.
Back-end	Node.js, Express.js, REST APIs.
Database	**NoSQL:** MongoDB.
Tools	Git, GitHub, Postman, VS Code.
Deployment	GitHub, Netlify, Vercel, Render.
SoftSkills	Communication, Problem-solving, Attention to detail, Adaptability, Creativity.

PROJECTS

- **UrbanVibe – Single-Vendor E-commerce Web App (MERN):** Built and deployed a production-ready single-vendor e-commerce platform with role-based authentication, an admin panel, product and order management, a cart, payments, reviews, filters, pagination, and Redux-based state management. Integrated Razorpay and handled production issues. **Live Demo↗**

- **Moody Player -Emotion-based Music Recommendation Web App:** Implemented real-time facial emotion detection using face-api.js to classify moods (Happy, Sad, Angry, Surprised). Built a custom backend (Node.js, Express, MongoDB) with APIs to store and serve songs dynamically. Integrated mood detection with React.js frontend to recommend & play songs based on detected emotions. **Live Demo↗**

- **Gideon- AI ChatBot (MERN Stack):** Built an AI-powered chatbot similar to ChatGPT using Google Gemini API. Integrated short-term memory (MongoDB) and long-term memory (Pinecone vector database) for personalised, contextual conversations. Implemented real-time messaging with Socket.io and user authentication for secure access. Tech Stack: React.js, Express.js, MongoDB, Pinecone, Socket.io, Gemini API. **Live Demo↗**

- **FOKUS- Cold drink brand website (React.js, TailwindCSS, GSAP):** Redesigned a concept website for an influencer's cold drink brand during a hackathon by Sheryians Coding School. Delivered modern UI/UX with scroll-triggered GSAP animations, focusing on storytelling, brand identity, and smooth performance. **Live Demo↗**

EDUCATION:

Bachelor of Arts (BA)

Prof. Rajendra Singh (Rajju Bhaiya) University, Prayagraj | May 2022 **2020 – 2022**

CERTIFICATIONS & ACHIEVEMENTS

- Participated in Frontend-Focused Hackathon, organised by Sheriyans Coding School (Certificate: View here↗)

- Sheryians Coding School — Full Stack Web Development Course (MERN) Completed: [16Oct, 2025] (Certificate: View here↗)
